Carolyn Brown

Carolyn,
A very sweet
person. Best of luck
Always Mary Young

To a very busy person who is always on
the ball, I'm always willing to listen to you
talk about your business. Yours truly,
"11/20/20" "Sapa" "2/24" "Sapa" "Sapa"

To Carol:
I've been thinking of you this
year what it would
have been like if I could
have been with you
in the future
But I'll be there
I promise you.

To a girl who
I got to know this year
you gave me my Eng.
Credit, be good & I hope
to see you this summer
Neil Mermu

To a girl who

Foreword

For the past years, Central has been existing without an effective Alma Mater song; but recently, in 1953, Mr. John Bennett, Central's music director, composed the music and wrote the lyrics of Central's new Alma Mater which centers around Mary, our Beloved Mother, and which is the theme of this year's annual.

Every school day and indeed every day, Mary is truly guarding and guiding Central to fame, super-eminence and magnitude. Our Heavenly Mother, is constantly governing, managing, and conducting our way to everlasting bliss. Throughout our entire growth, from birth on Page and Cherry street to our latest addition of the New Wing, she has been our encouragement, our confidence, our faith, our hope; and we rely on her to help us at all times and in all things.

Because Mary is such an outstanding figure in our life and because this is the Marian Year, we wish to honor her in this, the 1954 Centripetal.

Dedication

Twenty years in the service of God's priesthood and eighteen years at Central Catholic High School! This is the outstanding record of Reverend Arthur T. Schmit. Born in Deiphus, Father attended both grade and high school at St. John's parish. Ordination in 1934, by his Excellency Karl J. Alter, came after completion of study at St. Joseph's Seminary, Rensselaer, Indiana; St. Gregory's Seminary, Cincinnati, Ohio, and St. Mary's Seminary, Norwood, Ohio.

The first two years of his priesthood were spent in the diocese of Spokane, Washington. Then, in the fall of 1936, Father joined the faculty of Central, where he taught Latin, religion and took an interest in mechanical arts. After taking post-graduate work in the arts' field at the University of Dayton and the University of Detroit he became assistant to the late Father Dunno, the head of Central's drafting department. Later, when illness forced Father Dunno from his teaching position, Father Schmit assumed the former's responsibility. Meanwhile Father did parish work at St. John's parish, Toledo, and at present is an assistant at St. Teresa's parish, Toledo.

In sincere appreciation and gratitude for his eighteen years of service to the youth of Central we, the class of 1954, dedicate this, the 1954 Centripetal, to Father Arthur T. Schmit.

Salutatorian

Our Alma Mater . . . In four short years you have bestowed on us, the Senior Class of 1954, an education of the highest caliber. As you prepared us to meet the challenge of today's materialistic world, you stressed the necessity of meeting that challenge by knowing "from whence we came and whither we are going." Like a devoted mother you taught the "whole man." You inculcated not only the material knowledge required for high school graduation, but also the spiritual philosophy essential for life's graduation.

You taught us, your sons and daughters, in this manner, so that today's materialism will not obscure today's "Quo Vadis."

To the Juniors, the class of 1954 leaves the leadership of the school with the request that they, the class of 1955, carry to ever greater heights the banner of Central Catholic High.

Vale . . . In leaving you, Central, we cannot express, adequately, our gratitude for it is too deep. We can, however, by retaining the true Christian spirit and knowledge you have implanted in our hearts and minds, remain ever faithful and true to you.

So to you, CCHS, the class of 1954 bids farewell with the promise that with the help of our Beloved Mother we will be loyal to your traditions. Thanks and may God bless you and keep you forever.

Religion

Our Guiding Light

In a civilization such as ours—characterized by the spreading evils of Communism and materialism—it is necessary for youth to have a firm foundation in the principles of Catholicism. The religion courses aim to develop the student's thinking, speaking, and acting according to the principles laid down by our Creator.

In the religion course "Our Quest For Happiness" the first three books are praise to the Almighty God for His work in the creation, redemption, and sanctification of human race. The fourth book helps the senior to look into the future and see what God has prepared for those who love Him.

Rev. Charles R. Callahan, CSC

Retreat

Students' Bulwark

Progress in virtues is a major part of good education. Students are given a chance to manifest their virtues and faith by using their God-given means. The annual retreat, therefore, affords the student an opportunity to "retreat" from the world and talk things over with Christ.

Rev. John L. Van Wolvlear, CSC

English

Our Daily Speech

Knowledge, improvement, and appreciation are the key notes of this major subject. The English classes emphasize the study and value of classical literature as well as the application of correct oral English and composition.

While the freshman and sophomore years stress grammatical usage, the junior year offers a thorough study of American literature and the writing of a research essay.

The senior year affords students an option of English literature, public speaking, or journalism. Thus a senior may study and enjoy English classics, acquire an ability to speak correctly and effectively, or to obtain the understanding and utilization of the skills of newswriting.

Spanish

The Latin-American Tongue

Spanish, in common with other foreign languages, affords mental training by developing concentration, discriminating judgment, and logical reasoning.

This language introduces the students to a people and civilization which is not only an important factor in the history of Europe, but is also a unique influence in the development of our own continent.

The study of Spanish presents a more intimate understanding of the Spanish-American countries and holds an offer of usefulness in such positions as the diplomatic service, commerce, and journalism.

Our International Language

As the United States emerges the leading nation of the free world, countless numbers of Americans are traveling abroad for business and pleasure, and like numbers of foreigners are coming to America to learn the American way of life.

Students at Central are given an opportunity to be aware of world-wide situations by being offered a course in French which will help them cope with the times. Aside from contributing to the student's general education, French also prepares him for further work in college.

Cultural aspects of the language are stressed and film strips, records, and supplementary books on the literature, history, music and folklore of France make the subject interesting. Many students have joined the International Language Correspondence League and receive valuable information from their pen-pals in France and French possessions.

Jim holds an intent audience.

Latin

Language of Scholars

Well deserving its title as the foundation of modern languages, Latin, the tongue of ancient Rome and of the eternal Church, is taught extensively at Central. Besides providing the necessary background for the future priest, doctor, or lawyer, Latin gives the student a better grasp of his own language.

First year students are taught basic principles and grammatical rules which enable them to study Roman life and the campaigns of Caesar in the second year. The third year presents the orations of Cicero, while the fourth year of study introduces Virgilian poetry.

Underlying and complementing the work of these years is a continuous presentation of ecclesiastical Latin which enables the student to understand the prayers of the Church.

The Researcher's Lodestar

In preparing its students for college work, Central offers a two-year study of German. The aim of the students in this language is the mastering of conversation in German during the first two years. In the first year the basic grammatical rules are stressed, as grammar, vocabulary, and pronunciation. The study of the history of German literature is undertaken in the second year, along with special courses in geography, folk songs, a study of folk and costume, historical places, and all forms of recreation.

By means of research in knowledge of the development of the German language through the years, a superior wide extensive reading of the lives of the old authors and composers of the Fatherland, present the important part Germany has played in Western civilization.

. . . And then he met his Waterloo.

History

Our Unfolding Past

All basic institutions are deep-rooted in the past. An understanding of the foundation on which modern society is based can only be gained by a study of ancient and medieval history, which is taught in the freshman year.

Modern history, the story of the unfolding of civilization, presents to the sophomores a study of the epochal events that truly made history. Each of these great events is a pillar placed upon the old foundation to finally bring into being the modern countries, institutions, and governments of our time.

A knowledge of American history, government, sociology, and economics gives one an understanding of our country's present institutions. It develops an appreciation of the parts played by many Americans both living and dead, in the country's growth; a desire to be an intense, loyal patriot, a high-minded Christian citizen, and a willing participant in local, state, or national affairs, if called to serve.

Girls' Art

Central's Modern Artists

Studying the development of art throughout the ages, with specific emphasis placed on contemporary art, the girls of the art department develop right judgments and Christian social virtues.

Technique is acquired by experiment in the use of color and brush, pen and ink, and crayon and chalk. But ability in drawing and painting is not the only talent that is broadened. The art of calligraphy, block printing, ceramics, carving, dress designing, weaving, and embroidery is also part of their curriculum.

Socially, the girls take part in audio-visual programs, the Catholic Art Apostolate, and the Saint Hilda Guild.

Boys' Art

Central's Rembrandts

In Central's curriculum, the field of Fine Arts offers its students an opportunity to develop artistic qualities.

Presumably the student in boys' art is taught to develop his skills in handling various materials. With his mental equipment he must apply what he has learned to the various mediums which he wishes to represent his power: canvas, metal, stone, or clay. Working with the various materials in that order, the best in the student's spiritual make-up is called into action. He cooperates with God in molding, sculpturing, and printing, which not only proves a joy to himself but it also helps the spiritual development of his fellow men.

Mathematics

An Exact Science

Mathematics' primary purpose is to develop the power of understanding and to analyze the relations of magnitude and space which are necessary in the mathematical world of today.

Central, realizing this need, offers a four-year program to the students interested in the fields of engineering and science. These students, in their freshman year, study the science of numbers—elementary algebra; the sophomore year presents the science of logical reasoning—plane geometry. The junior math students study the importance of advanced algebra. The senior year combines solid geometry—a science of special relations and trigonometry—a science of angle measure.

Drafting

Future Surveyors

Fundamental principles of descriptive geometry, mechanical drawing, and surveying are taught as the basis of Central's drafting program. In this manner the student is prepared to enter any of the fields of engineering and, even though he does not plan to enter college, he is able to earn a substantial wage as a draftsman.

The freshmen study orthographic projection, surface development, and perspective. Methods of detailing and dimensioning machine parts are taught in the sophomore and junior years.

Fundamentals of civil engineering and mining problems are presented to the seniors.

After four years of study the student has acquired the basic knowledge necessary to be a future engineer, architect or surveyor.

to this information.

General Science

Basic Principles

As a first step in the lab-
oratory studies, general
science appropriately pre-
pares the student for further
scientific courses by giving
him a sound knowledge
of the physical things around
him and a glimpse into the
more specialized studies of
physics, chemistry, and bi-
ology.

3. Here's the best spot for bass.

Biology

Exploring Life

In the study of the mysteries of plant and animal life, students of biology learn the principles of life from a Christian point of view.

Since this subject is concerned with elements that live, the art of distinguishing between living and non-living matter must be acquired. Step by step and with close observation, the study progresses from plants to animals until it finally reaches man. Through eyes opened to the wonders of nature and with true concepts of life, man, the master piece of God's creation, is studied and appreciated.

Physics

Mechanical Laws

Investigating the mysteries of our physical surroundings, the amateur physicists of Central learn to answer the eternal question, "Why?", by personal experiments based on proven facts learned in the lecture hall. In studying the principles of light, heat, sound, simple machines, electricity, and electronics, the students discover the underlying principles which govern physical matter and see their applications in industry through a series of educational films. An understanding of the physical laws governing all matter is gained and an appreciation of the provident wisdom and generosity of the Creator of this matter is also realized.

Chemistry

Analytical Applications

When paging through a science magazine, have you wondered what the various symbols and formulas of chemistry represented? Were you curious about atomic energy?

Through experiments and by "rediscovering" some of the elements and reactions first found by world famous scientists, the future scientist discovers these answers by the study of the equation, the formula, the valence, and the solution of problems.

Basic to the study of chemistry is the law of the conservation of matter, the law of the conservation of energy, the electron theory, and the theory of ionization. While studying these laws and theories the chemistry student of Central is constantly reminded that all the wonders of chemistry cannot be the product of anyone but an Omnipotent Creator.

Home Economics

World Homemakers

Home Economics entails many more aspects than teaching, homemaking and home living.

In the food and nutrition course girls learn not only how to set a table skillfully, to present a pleasant atmosphere, but also how to be intelligent buyers, to know tables and how to cross them tactfully. This is the main object of clothing and related arts.

Balancing the budget and being able to sensibly buy and arrange furniture with dexterity is also taught in this course along with the basic principles of sewing.

The girls learn another very important art of everyday life, the art of good grooming and correct posture.

Storehouse of Knowledge

In its storehouse of information and knowledge, the Central Catholic Library performs three distinct services for students and teachers alike.

First and most important, the library provides source and reference material on almost any subject for use in class assignments, the Junior essay, or current-events study.

Secondly, to those who wish to read for entertainment or relaxation, the library offers a wide selection of books and magazines on a variety of topics.

Third, perhaps the most unnoticed function of the school library, is the priceless collection of works it has received from libraries of deceased priests and by means of gifts for use to college students, faculty members, and priests.

Commercial

Business World

Shorthand, typing, office practice, bookkeeping, commercial geography, and commercial law, subjects taught in the Commercial Department, prepare the student to meet the requirements of the business world.

Mastery of the keyboard is emphasized in the first year, while the fine points of job technique are taught in the second year *typing classes*.

Fundamentals of accounting and the duties required by business are stressed in the study of *bookkeeping*.

By means of ediphones, electric typewriters, listing machines, and calculators, commercial students receive the essential training in *office practice*.

Shorthand classes aim to develop rapid reading, perfect penmanship, and the ability to translate and phrase accurately and speedily.

Studying the problems of national, state, and local welfare enables the *commercial geography* student to visualize governmental activities.

His *commercial law* interest is stimulated by studying its application to personal, social, and business life.

Nursing

One of the busiest places in the school is room 224 where a registered nurse can be found during most class periods. Within the confines of this tiny, compact "hospital," she is prepared to administer medical attention in any emergency.

Although most of her time is taken up with the minor ailments of the students, the school nurse also gives a medical checkup to all freshmen.

Tom and Clem give Sr. M. Loretta a sob (?) story about tardiness.

Attendance Department

By efficiently performing the task of issuing white slips, blue slips or pink slips, the attendance department compiles the records of tardiness, legitimately excused absence, or unexcused absence of the student body of Central.

Music Appreciation

A two year course is presented by the Music-Theory Department in Music Appreciation and Harmony. These two subjects tend to instill in the student an intelligent understanding of music and provides him with a technical knowledge of harmony.

In Music Appreciation the class studies all types and styles of music, from the latest popular recordings to grand opera and the symphony.

The harmonic beauties of music are stressed in the Harmony class, where future musicians are encouraged to express their own opinions freely.

Civics Club

Christ the King Civics Club was founded to instill in its members an appreciation of and an interest in the functions of local, state and national governments.

During its bi-weekly meetings, the club, which is in its second year of existence presents for consideration, issues which are of national and local importance. Occasionally, discussions on nearly all points of historical interest lead to a trip or research essay on the administration and growth of the city and surrounding areas.

Ann Radburn, secretary; Joanne Lopez, vice president; Joyce Christich, treasurer; Barbara Lawmezak, president

Future Nurses

Newly organized at Central, the Future Nurses of America, whose aim is to recruit nurses, has 112 members. At the meetings, held monthly, guest speakers acquaint the students with the various duties and responsibilities of the nursing fields.

Activities sponsored by this group include tours through the city's hospitals, the FNA assembly and the installation of their officers.

Central's FNA is a member of the Toledo Inter-school Council of Future Nurses.

Future Teachers

In its fourth year at Central, the Future Teachers of America organization has successfully promoted its threefold aim: to inform the young "teachers to be" about the teaching profession and its advantages; to cultivate in the aspirants the desirable qualities essential to a teacher; and to develop leadership in the students by studying the lives of great educators.

During the year the members attend lectures and social functions, participate in club meetings, and conduct a drive for aspirants to this profession.

Patricia Kantner, secretary; Barbara Boudrie, treasurer; Barbara Ponsler, president; Sally Coughlin, chairman; Luise Meier, vice president.

Camera Club

A profitable and interesting hobby, photography, is promoted by the Camera Club whose members receive instruction in fundamentals, composition, mechanics, developing, printing and enlarging of pictures.

At monthly meetings progress of the members is discussed; good points and defects in their work are noted and suggestions in technique are made. This organization designed for itself a letter—and is called the 4C Club.

T. Klear, president; J. Calkens, secretary; B. Hart, treasurer; J. Wilcox, vice president.

Chess Club

Central's Chess Club, established in 1952, has as its chief purpose the promotion of chess playing. To further this objective, members attend meetings every Wednesday after school to discuss any problems which may arise and to receive chess instructions from their moderator.

This organization has a chess team which plays in inter-scholastic competition, as well as a chess tournament in which all members take part to determine the club champion. The winner is awarded an individual trophy and a larger one is engraved with the names of the winner and runner-up and placed on display in the Trophy Room.

R. Gonzales, second vice president; J. Schmidbauer, secretary; R. Plum, president; R. O'Brien, first vice president; R. Klepetko, treasurer.

Aquinas History Club

Membership in the Aquinas History Club, established in 1951, is open to sophomore and junior history students who are particularly interested in social studies.

Aims of this organization are the supplement of certain class material by further research, oral reports and discussion which enable the club member to become better informed about the history of our own locality by reports and field trips.

Al-Geo-Trig

Published by the senior mathematics classes and edited by a selected staff, the Al-Geo-Trig unites the study of mathematics with its history and modern advancement.

In addition to providing interesting and informative reading material, this four page edition attempts to educate its readers in the art of sound, logical reasoning

YCS

Primarily a lay movement, the YCS members meet weekly to discuss some particular phase of their environment and attempt to serve the need discovered. It sponsors such projects as Career Day, the Lenten pamphlet rack, a pre-military Service Day for senior and junior boys, and the freshman orientation assembly.

This year the YCS initiated a Day of Recollection for its members and held two Diocesan Seminars for the religious and priests of the diocese, so that interested faculty members and teachers in the area schools could see a YCS group in action.

Catholic Art Apostolate

"To restore all things to Christ" is the aim of Central's division of the National Catholic Art Apostolate. This is maintained by two aspects—spiritual and material.

An artist cannot make good things, or produce good if he himself is not good, is the theory supported by the spiritual aspect which is living a Catholic life with the aid of frequent reception of the sacraments, daily rosary, and visits to the Blessed Sacrament while raising the standard of art appreciation and reviving a Creative Christian Art among our people.

STUDENT SPIRITUAL COUNCIL

To develop the spirituality of its members and to make them practice religious ideals and Christian principles in everyday life is the aim of the Student Spiritual Council.

Five correlating committees comprise the Council—the St. John Berchman Sanctuary Society, the Eucharistic Marian Committee, the Apostolic Committee, the Literature Committee, and the St. Hilda Guild. Through membership in any of these organizations Central students have the opportunity of sanctifying their souls.

Row Two — B. Ponsler, M. Klengle, C. Czyzewski, C. Kaminski

Row Three — J. Veigle, T. Sprenger, A. Zept, J. Kaminski, T. Keller

Apostolic Committee

“To teach all nations . . .” Christ’s message to the apostles, is the theme behind the activities of Central’s Apostolic Committee.

To carry out this theme, the organization sponsors a Mission Day, held once a month, which opens with Mass and Holy Communion followed by specific discussions in the religion classes, and is climaxed by a general meeting where plans are formed.

This group, consisting of one representative from each conference room, also helps finance home and foreign missions by the sale of Christmas seals and cards and the ransoming of pagan babies.

Eucharistic-Marian Committee

Composed of interested students, the Eucharistic Marian Committee desires to increase in all Centralites a deep devotion to our Eucharistic Lord and His Blessed Mother. The main work of this organization is the promotion of attendance at daily Mass and the daily recitation of the rosary, especially during October and May. Its chief activity is the annual May Convocation.

By means of an assembly in honor of the Marian Year, the group discusses ways and means of creating and spreading greater devotion to Our Lady.

Literature Committee

With the idea that good reading is a must, the Literature Committee compiles lists of excellent titles, with authors; exhibits reviews and criticisms, pro and con, for the best sellers; and aids the neighborhood druggists in ridding their shelves of indecent literature.

During Book Week the main lobby takes on the atmosphere of a small library as the group arranges its display of books, pamphlets, and magazines which should interest Catholic students.

St. Hilda Guild

Members of the girls' art classes, under the patronage of St. Hilda, provide a neat and pleasing chapel, at Central, for our Lord and His Blessed Mother.

This group prepares the sanctuary for Mass, lays out the vestments for the priests, arranges the chapel for Benediction every First Friday, and is responsible for the altars during retreat and the May Convocation.

Joyce McQuillan, secretary; Helen Heinze, treasurer; Joanne H. president; Irene Stevens, vice-president

St. John Berchmans Society

This society offers its members an opportunity to serve daily Mass and First Friday Benediction in the school chapel, to participate in the annual retreat, and to take part in the May Convocation.

Founded in 1936, this organization has as its primary aim, the fostering of religious vocations among its members.

William McNeil, secretary; George Moran, vice-president; Fred Cassidy, president; Charles Carroll, treasurer

Donald Peatee, vice-president; Rita Hipp, secretary; Patrick Nicholson, president; Janet Flynn, treasurer

STUDENT COUNCIL

Composed of representatives from each conference room, the Student Council affords student participation in school government. To establish higher ideals, determine the collective will of the student body, provide means for the discussion, promotion, and direction of school activities, and create and foster a spirit of understanding and cooperation between students and faculty is the objective of the Council.

This organization by means of a Talent Assembly, Tag Day, Color Day, Junior-Senior Prom, school dances, athletic rallies, drives for the Community Chest, Catholic Chronicle, Christmas Toys and Sales Tax Stamps, establishes individual student participation in school affairs.

New on the Council's agenda this year was the revision of the Student Council constitution, establishment of a "Fighting 69th Club," presentation of Sportsmanship awards to deserving Central athletes, promotion of Friendship Week, obtaining of 4-H rings in the junior year, and participation in the Area Council Dance, Sportsmanship Contest and the Convention of Ohio Student Councils.

The Music Department

Central's music department is divided into five separate groups—Band, Orchestra, Glee Club, Girl's Chorus, and Freshman Girls' Chorus—each of which has its own specific duties during the school year. To stimulate an interest among the students, anyone is eligible for harmony or music appreciation classes without passing the Seashore Test, a prerequisite for membership in the Glee Club and Mixed Chorus.

Students interested in music may take lessons from the directors during the seventh and eighth periods. Through these lessons students may become leaders in the Band, Orchestra, or one of the three choruses.

Glee Club

This year's mixed chorus, composed of ninety-seven members and under the direction of Mr. John Bennett, has proved the importance of music. Presentations of a music assembly, an assembly at Libbey High School, a television broadcast, the Christmas assembly, Christmas caroling, and a professional arrangement of Sigmund Romberg's operetta, "New Moon," at the State Theater, April 30, May 1, and May 2, were undertakings of the Glee Club.

Central students who have a propensity for music and who complete Mr. Bennett's requirements may be admitted as potential members of the school's band.

This year sixty-six members, attired in scarlet and gray, have provided pleasant entertainment between the halves of all Central football games. Many school assemblies were enlivened as these musicians "gave forth" under the command of the twirling baton of drum major Richard Karazim.

As the school paid honor to its Queen, Mary Beloved, during the Marian year special crowning ceremonies at the May Convocation, this organization provided the musical accompaniment for the student body as well as for the Glee Club.

THE ORCHESTRA

In the many activities, curricular and extra-curricular, which Central has, the orchestra "plays" no small part. Under the direction of Mr. John Bennett, its twenty-six members delighted, not only the student body but also the audiences, when they played for the senior class play, "Kind Lady," and the operetta, "New Moon."

In addition these young musicians have participated in many other assemblies in which they have participated.

JUNIOR SENIOR PROM

Sponsored by the Junior-Senior class under the direction of the Junior-Senior section of the Student Council, the annual Junior-Senior Prom is one of the most anxiously awaited occasions and is the last big undertaking of the school year. The Junior-Senior Prom was held at the West Tower Knights of Columbus Hall on Friday, May 14, with the Heber Brothers Orchestra furnishing the accompaniment for the annual dance.

Football Team

The small and fighting Central football team was not very successful in winning games but, when it comes to spirit, the "Fighting Irish" lived up to their name. The injury-riddled Celts showed their spunk and fight by holding city champion DeVilbiss to their least number of points. The spirit of the "Irish" was shown again when, after being behind to Waite and with three minutes left in the game, the Irish scored two touchdowns and an extra point before Waite could run a play.

This is only one example of the kind of spirit shown by Central on the gridiron and what is expected of the 1954 varsity.

N. Harrigan, K. Bombrys, I. Thibert, P. Phelps, L. Archambeau
M. Heinshel, D. Kopinski, J. Kwiatkowski, C. Neilly, J. Miller,
C. Senci, D. Connolly, T. Cappelletty, A. Cherry.

Mr. Patrick McCarty

Mr. McCarty, who came to his Alma Mater in 1943, was called into service in 1945 after which he coached one year at St. Ambrose College, Davenport Iowa, before returning to CCHS in 1946. Since his return he has compiled an overall record of 29 wins and 35 losses.

Supervising the activities of Central, Mr. McCarty has, in his nine years as head football coach and athletic director, proved his ability as a great coach. Although not city champions this year, the team under Mr. McCarty again proved that they deserved the term "Fighting Irish."

Mr. P. McCarty
Head Football Coach and
Athletic Director

John Veres

Known for his spiking, John Veres stands out from the crowd as one of the best players on the team.

Tom Thibert

The star of the team, Tom Thibert is a Varsity All-American. His team clocked in the top 10 in the state.

Bill Kennelly

A versatile player, Bill Kennelly is a Varsity All-American. He is a two-time state champion and was twice named to the All-State team.

Norm Harrigan

This rugged Irishman, who is a Varsity All-American, was the top standing back in the state. His team was named to the All-City team.

Tom Hart

A versatile player, Tom Hart is a Varsity All-American. He is a two-time state champion and was twice named to the All-State team.

Frank Phelps

A versatile player, Frank Phelps is a Varsity All-American. He is a two-time state champion and was twice named to the All-State team.

Mike DiSalfo

Little Mike DiSalfo was the meanest linemen on the team. He was remembered for his tough and powerful blocks.

Keith Bombreys

His rugged play on the defensive line was one of the few rumors in the team. He earned an All-City berth.

Al Cherry

Al Cherry was a standout on the defensive line. He was remembered for his tough and powerful blocks.

Dick Jaggle

Dick Jaggle was a standout on the defensive line. He was remembered for his tough and powerful blocks.

Gerry Kwiatkowski

Gerry was a standout on the defensive line. His head-up pass defense proved helpful in many contests.

Jerry Bowsher

A tough junior tackle whose blocks ripped gaps in the offensive lines. Jerry's speed and ability at defensive end helped him earn an All-City honorable mention.

Mike McAlear

An agile back with great driving power. This sophomore back will be feared by the opposition in coming years.

Matt Heitschel

Truly a fine defenseman with a fighting heart, this great line man stopped many opponent plays in its place.

Kevin Solon

Hailing from Gesu this fine range tackle had the ability to plug up the holes and stop opponents. Next year much will be seen of him.

Dick Radecki

Dick's bone-crushing tackles proved, come next year, his presence will be felt by many an opponent.

Dean Frankenhauser

This determined high speed linemen added the necessary strength and sportsmanship qualities.

Ron Rokicki

This well built sophomore center did a remarkable job of replacing Jack Rahman and proved beyond a doubt that he could block and tackle very effectively.

Dale Kapinsky

Blessed Sacrament claims this fine end of whom much is expected in the next two years

Louis Archambeau

"Shifty" and "fast" are the two words which describe this back whose running ability will be a great asset to the team next year

Tom Francis

Big Tom's fine line play spoke for itself. He always came through whenever a block or tackle was needed

Pat Cassidy

This junior's ferocious charges from the tackle position caused confusion in the opposition. Though twice injured, Pat gained All City honorable mention and the respect of his rivals

Jim Miller

A rugged sophomore line backer whose fight and drive were often called upon for. He is expected to be a future powerhouse for the Irish

Chuck Senci

Chuck's fine defensive play and centering will be welcomed again next year

Mr. Daniel Modak

Mr. Daniel Modak, an all-state fullback at Memorial High, Campbell, Ohio, entered the United States Army in 1945 and played football with different military teams. After his discharge he entered Notre Dame University where he participated in football, playing a tackle position. Upon graduation in 1952, he joined Central's coaching staff.

At Central Mr. Modak coaches the lightweight football and basketball teams, the baseball team, and is assistant varsity football coach. On the academic side of the ledger Mr. Modak teaches ancient history.

His "Run Dums" had an unsuccessful season in football as they went through the entire season without a victory.

Mr. Modak's spirited roundballers, however, by capturing the city championship, more than made up for the loss in football. They won ten games while lost two.

Mr. D. Modak
Assistant Coach

Mr. Paul O'Rourke

Mr. Paul O'Rourke graduated from Central in 1938 and attended the University of Dayton where he played tackle on the 1942 varsity football team. In 1946, after being discharged from the Armed Forces where he served from 1943 to 1946, Mr. O'Rourke assumed the duties of freshman football and basketball coach at Central.

Eight years of coaching has brought Mr. O'Rourke's football teams two championships and a tie for second place in 1950. During the same time his basketball teams finished with the city title three times and have never finished below third place.

This year Central's freshman basketball squad won nine games while losing only three to gain undisputed possession of first place in the league. They have proved themselves potential title holders and city champs of 1958 based upon the fine coaching of Mr. O'Rourke.

Managers

Every successful activity must have "behind the scene workers." In the sports' field it was the managers, Art Brubaker, Al Kish and Bill McNeil, who kept the equipment in tip-top shape, gave minor medical care to the players and assisted the coaches at all the games.

Cheerleaders

"The power behind the yells," the cheerleaders, who direct the school spirit of the fans and students, receive little recognition for their faithful service at every football and basketball game. To those boys and girls goes credit for a great part in the successful sports season.

Mr. Lawrence Bondy

Mr. Bondy started at Central as a sophomore in 1934 and made himself known as a football star. After high school he attended DeSales College where he employed his 145 lb. frame as a tailback.

In '42 he returned to Central to join the coaching staff and began producing championship teams. In '44 he went into the Navy to serve the needs of Uncle Sam.

Upon his return to Central during the football season of '47, he became head football coach and athletic director.

In '48 acting as head basketball coach and varsity backfield coach, he piloted his players to the reign of city champs and regional runners-up. In '49 his basketball team again grabbed the city championship and competed in the state finals. The years '50 saw his team right behind the league leaders, '51 co-champs and district runners-up, and '52 co-champs and state quarter finalists.

During his 11 years at Central he has produced many great teams and outstanding athletes. The past two years haven't been tops, but the future for the "little man" looks great.

Fiberglas materials, in many versatile forms, provide comfort, economy, efficiency, and quality in thousands of products. Small wonder people say . . . **What'll they do next with Fiberglas materials?** The only limit is man's ingenuity. Sparking that ingenuity and helping it work new wonders continues to be our job and challenge at Owens-Corning. In the years ahead, you'll see many more reasons why we can promise . . .

Fiberglas is in your life . . . for Good!

Dear Carol,
It has been nice
knowing you for the
past year of high
school training.
I'll always
be in English.
Love,
